Subject: SB 240 As Amended

Dear Chairman Gray and Members of the Senate Election Laws and Municipal Affairs Committee,

I am writing in support of SB 240 As amended to support the redistricting of Senate District 8 to include the City of Claremont. It has made no sense to have removed Claremont from District 8 and put it into a district with two other cities. It is unfortunate that the entire county cannot be in District 8 but at least this improves representation for Claremont.

Thank you for your consideration and your vote YES to SB 240 as amended.
