Senate President Statement on the Passage of HB 266

CONCORD, NH – Senator Carson (R-Londonderry) released the following statement after HB 266 was voted OTP/A:

“Today, we passed two key clarifications to strengthen New Hampshire law. The amendment to this bill affirms that public school events may be recorded or streamed and ensures compliance with federal assessment requirements — a straightforward fix we’ve supported before. It also closed a potential loophole in last year’s slayer statute (SB 148), making it unmistakably clear that no one can profit from a murder they committed. These updates reinforce transparency, accountability, and the clear intent of the law.”
