Senator Kevin Avard Statement on Passage of SB 591-FN

CONCORD, NH – Senate Chair of Science and Natural Resources Kevin Avard (R-Nashua) released the following statement relative to the bipartisan passage of SB 591-FN:

“This legislation helps strengthen New Hampshire’s energy policy by allowing electric utilities to invest in distributed energy resources, expanding our energy portfolio, and supporting a more resilient and reliable energy system for our state. This should not be a partisan issue, and we’ve shown we can work together on commonsense solutions that benefit all Granite Staters.”
