About this Data:

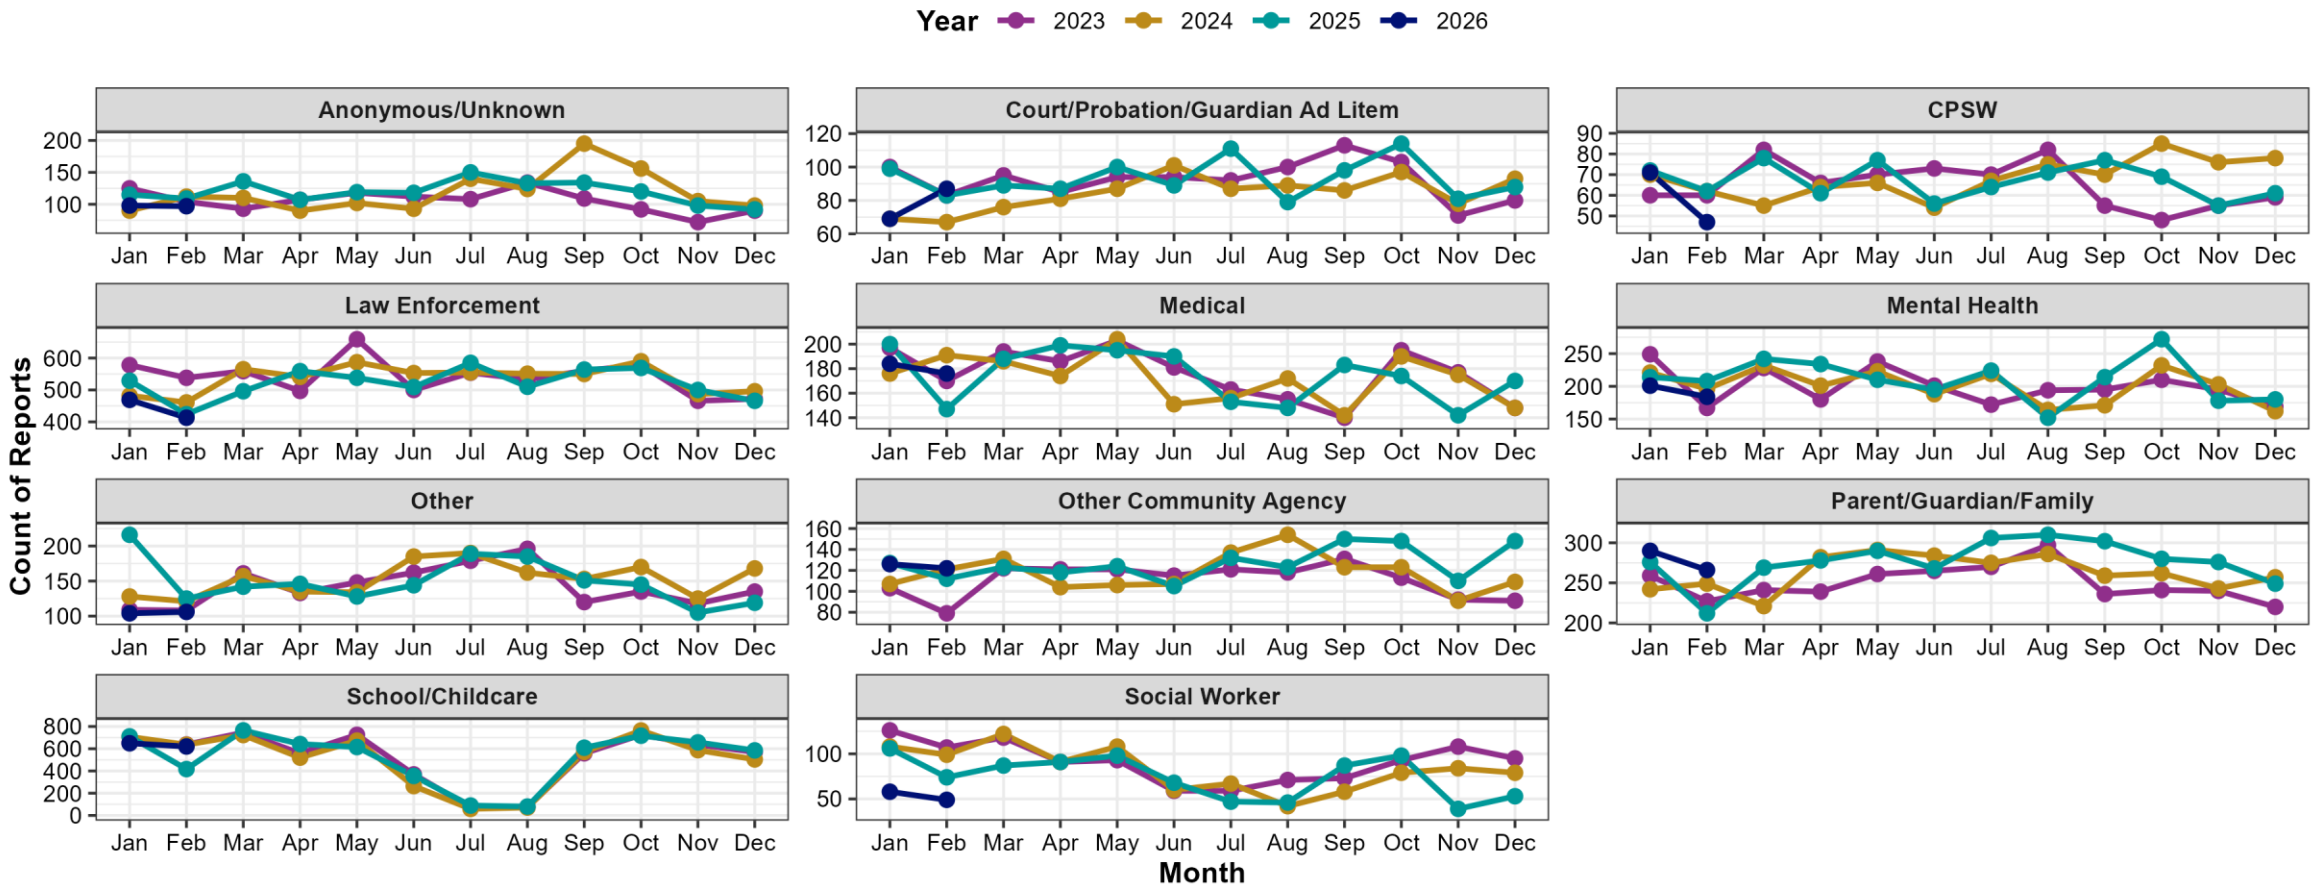

- Data reported throughout this book has been extracted from the New Hampshire statewide automated child welfare information system (SACWIS) known as Bridges.
- Updates were made in January 2026 to ensure consistency in how metrics are calculated across reports within the division.
- The data cannot be generalized for alternate uses given the multiple processes used to query the data and the complexity of the measures. Specific data requests can be directed to the DCYF Bureau of Evaluation, Analytics, and Reporting (BEAR).
